ALPHABETICAL AND CHRONOLOGICAL
ARRANGEMENT

THE HISTORY OF THE
MINISTERS AND BISHOPS OF ENGLAND

PRINTED BY
HAZELL, WATSON AND VINEY, LD.,
LONDON AND AYLESBURY.

P R E F A C E.

THE Rev. William Hill first published his 'Alphabetical Arrangement' in 1819, and afterwards issued four revised editions of it. Between 1847 and 1866 the Rev. J. P. Haswell brought out five editions, and following these four editions were prepared by the Rev. Marmaduke C. Osborn. The late Rev. Dr. Waller became Editor in 1884, and was responsible for the editions numbered fifteen to twenty-one. He added to the value of the work by introducing several new features, such as the initial letters indicating the branch of the Institution at which each minister was trained, the list of Secretaries of the Conference, and especially the interesting and useful Chronological List, which groups the names of all the ministers according to dates of the commencement of their ministry. This list first appeared in the nineteenth edition.

The present edition contains all the lists found in the last, and brings them down to the Conference of 1912. All possible care has been taken to guard against mistakes in the lists; but the nature of the work makes absolute accuracy almost impossible, and the Editor will be glad to be informed of any errors that may have crept in.

In using the work it should be noted that, since many probationers enter the Institution after spending a year or two in Circuit work, the date of their first appointment as shown in the Alphabetical List is not always the year from which their ministry is reckoned to begin. The date of the commencement of the ministry of each preacher is given in the Alphabetical List in the *Minutes of Conference*.
